

Groupwide Corporate Ethics Help Line

NTT Group has established a Group-wide Corporate Ethics Help Line. This Group-wide Corporate Ethics Help Line enables NTT group employees as well as those who work for its business partners to file reports if required.

This Group-wide Help Line is external and hosted in Ogasawara&Partners in order to ensure that the filed reports remain anonymous. However lawyers do not provide consultations.

In addition, we have established and operated an independent reporting route to corporate auditors as an independent point of contact from management, and in principle, reports through the Group-wide Corporate Ethics Help Line (Outside Reception Desk) can be sent directly to corporate auditors at the same time, and can only be reported to corporate auditors. If you wish to report to the corporate auditors only, please write this in your e-mail, letter, or fax. Fraud and scandals by NTT group directors, executive officers, advisors and special advisors are covered.
