Environmental Report 2002

Q&A Top Page

Q&A Page

By contributing a wide range of content and highlighting our specific measures with ideas and approaches concerning the environment, we intend the website to be utilized as an archive for people who are interested in environmental issues.

▶ **Answer page**
Concise answers to one question are provided here.

This Q&A format allows viewers to directly access pages of interest

▶ Assumed questions and answers were arranged into 37 areas. It provides an at-a-glance question list as well as a search function to serve readers' specific interests.

▶ The environmental activities of each NTT Group company can be viewed.

○ **Digest**
This contains general terms of NTT Group's environmental protection activities in 2001, and is a quick reference to NTT Group's environmental protection activities.

○ **Booklet PDF Version**
A PDF version of the Environmental Protection Activity Report is available, facilitating reading or printing of the report in a book format which can be viewed at an appropriate size with helpful navigation functions.

○ **Topics**
We selected specific items and recent cases among NTT Group 2001 activities. You can easily view NTT's recent trends in environmental protection activities under this link.

○ **Data File**
● An outline of NTT and NTT Group companies
● Economic performance by NTT Group's environmental protection activities
● Environmental protection activity data
● Items listed in 2001 but not in 2002

○ **Back Numbers**
● Environmental Protection Activity Report 2001
● Environmental Protection Activity Report 2000
● Environmental Protection Activity Report 1999

Detailed Answer Page

▶ **Detailed answer page**
Some of the answers provided in the "Answer Page" are extensively explained with graphs and illustrations.
