## Our Dynamic Loop – The Heart of NTT

The single continuous curve represents the dynamism and our commitment for continuous innovation and delivering value to people and society. NTT will continue to innovate through imagination and by challenging ourselves.

A small inner loop at the top of the mark ensures that the voice of customers and society is always heard. This symbol represents NTT's vision and its commitment to developing a harmonious society through both business and cooperation.

## Foreword

Thank you very much for taking the time to read the NTT Group's Integrated Report.

This report is targeted at our diverse stakeholders, including shareholders and investors in Japan and overseas. It has been compiled, first and foremost, to inform them clearly and concisely about the NTT Group's efforts to enhance corporate value as a company that continues to create new value and pursue global sustainability.

We revisit the roots and history of the NTT Group to answer the questions: Where is NTT heading?

What is the CEO thinking, and what does he want to accomplish?

How are the NTT Group's materiality (material issues) and the Medium-Term Management Strategy connected?

How is corporate governance structured to achieve them?

The goal of this Integrated Report is to give stakeholders a better understanding of how our financial and non-financial capital is tied to the management strategy of the NTT Group, which is engaged in numerous businesses around the globe.

We understand that our stakeholders are busy every day and that the key points of the NTT Group's value creation story must be communicated in a compact manner. Therefore, the data section has been reduced to essential data. Detailed financial and non-financial data is available on our corporate website as part of this Integrated Report. Furthermore, the details of the individual initiatives mentioned in this report can be found on the corporate website.

If any stakeholder reads this report and becomes interested in the NTT Group's efforts to enhance corporate value, we encourage you to also refer to the below.
