FY2020 Results Forecast

- **The impact of COVID-19 is expected to be a decrease in Operating Revenues of approximately ¥350.0 billion and a decrease in Operating Income of approximately ¥70.0 billion, based on the following assumptions:**
 - ◆ **In Japan, without taking into account any re-issuances of state of emergency declarations, economic activity is expected to gradually recover following the lifting of the state of emergency in May**
 - ◆ **While recovery is expected to gradually occur overseas as well, the recovery is expected to be slower than in Japan, particularly in Europe and in the United States**

- **As a result:**
 - **Operating Revenues are expected to decrease significantly, by approximately ¥400.0 billion, compared to FY2019**
 - **Operating Income and Operating Profit will increase compared to FY2019, covered by approximately ¥80.0 billion of reductions in capital investments, and approximately ¥100.0 billion of cost reductions**
