

Financial Results for the Fiscal Year Ended March 31, 2020 (21st Term)

May 15, 2020

Nippon Telegraph and Telephone East Corporation
("NTT East")

1. Financial Results for the Fiscal Year Ended March 31, 2020

- Operating revenues decreased 63.5 billion yen from the previous fiscal year to 1,677.1 billion yen
Operating profit increased 13.4 billion yen from the previous fiscal year to 256.0 billion yen
As a result, revenue decreased, profit increased over the previous fiscal year
- Net decrease in FLET'S Hikari subscriptions of 30,000 from the previous year to 360,000

(Unit: Billions of yen, except FLET'S Hikari Subscriptions)

IFRS (Consolidated)	FY2018	FY2019	Increase (Decrease)	Change (%)
Operating Revenues	1,740.6	1,677.1	(63.5)	(3.6)%
Operating Expenses	1,498.0	1,421.1	(76.9)	(5.1)%
Operating Profit	242.7	256.0	+ 13.4	+ 5.5%
Profit Attributable to NTT East	166.0	178.4	+ 12.3	+ 7.4%
Net increase (decrease) in FLET'S Hikari Subscriptions*	39	36	(3)	(7.7)%
Capital Investment	274.1	271.0	(3.0)	(1.1)%

* : Unit: 10,000 subscriptions. Figures for FLET'S Hikari include subscriptions under the Hikari Collaboration Model.

2. Changes in Operating Revenues

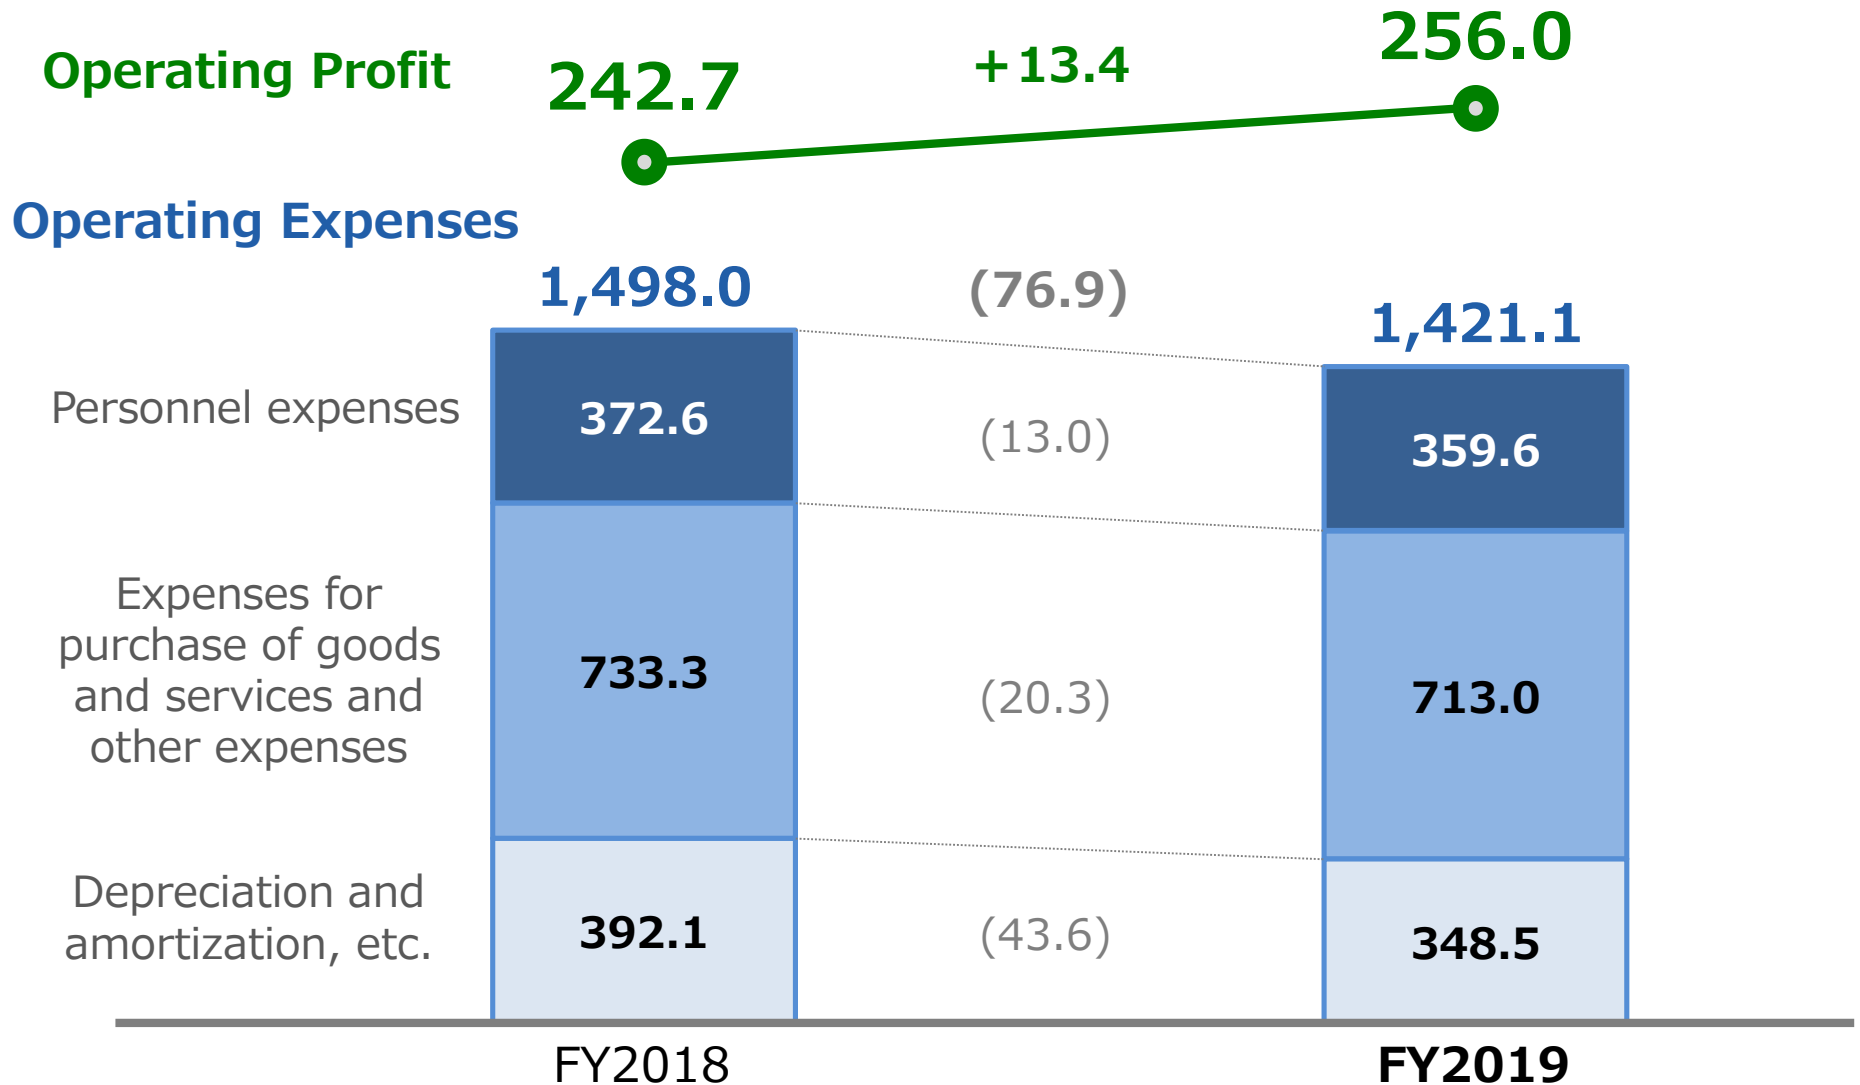

(Unit: Billions of yen)

Operating Revenues

	FY2018	Change	FY2019
Operating Revenues	1,740.6	(63.5)	1,677.1
IP/packet communications service	842.5	(0.4)	842.1
Fixed voice related service	573.6	(39.4)	534.2
System integration services and communication equipment sales	105.7	+ 25.2	130.9
Others	218.8	(48.9)	169.9
	FY2018		FY2019

3. Changes in Operating Expenses & Operating Profit

(Unit: Billions of yen)

4. The impact of the COVID-19

Impact on our business

■ Data communications (Internet) traffic increased by up to 60%*, voice traffic almost flat

* Comparison of the week of April 20, 2020 and the week of February 25, 2020

(Data communication traffic)

- Weekday daytime : Up to 56% increase in data communication traffic due to increases in self-quarantining and telework
- Weekday nighttime, Saturday, Sunday : Increase of about 10-15%

Because the network design is based on the peak traffic volume, the capacity of the entire network is sufficiently secured.

■ The number of applications for various services from customers and the number of reported failures have not changed from previous years

- Approximately 10% of each service application and malfunction report has been shifted to Web support (flets.com Web116 Web113)

⇒ Focusing on further shift to Web support by advancing DX in order to improve automation, labor saving and disaster resistance

- Sales activities have shifted to "non-face-to-face sales" utilizing remote tools, etc.

■ Operations such as NW monitoring and information security are maintained 24 hours a day, 365 days a year

Telework implementation rate is approximately 70%, except for work that cannot be done at home, such as NW equipment maintenance, opening work, and repairs.

As a designated public institution, we will endeavor to maintain the information and communication infrastructure in response to requests from the community and society

5. Initiatives based on COVID-19 (1)

Initiatives to Support Local Customers

- **Extending the payment deadline for various service fees until the end of June 2020**
- **Support for introduction of telework**
 - Partial free provision of "FLET'S Azukeru PRO Plan," which enables secure file sharing on the cloud
 - Partial free provision of "Hikari Cloud PBX," which allows making calls using internal extension numbers between employees on a smartphone
- **Support for online learning**
 - Free of charge for maintenance of communication environment and usage fee for a certain period for new online learning schools
 - Free provision of "Omakase Classroom," a cloud service for learning support
- **Providing various support for the maintenance and operation of the usage environment in the following three fields**

Consultation content (example)		Contact information
Telework consultation	<ul style="list-style-type: none">■ Want to use a PC at home or on the go, just like at work■ Want to make and receive calls using my company phone number	0120-765000 Reception time_9: 00-17: 00 (Open all year round) URL: https://business.ntt-east.co.jp/content/remotework/
Online learning consultation	<ul style="list-style-type: none">■ Want to set up an online learning environment■ Want to try it once to test if it can be used in the actual class	
Telemedicine consultation	<ul style="list-style-type: none">■ Want to establish the minimum necessary environment for telemedicine■ Want to know how much installation cost is required	

We will enhance "local companies' BCP support" and "customers' lifestyle support" to assist in the resolution of local issues with all of our efforts

6. Initiatives based on COVID-19 (2)

Initiatives to revitalize the region

Responding to contactless and online needs

- Increase in demand for hosting and operating virtual events on the premise of being at home to maintain self-quarantining and social distancing [NTTe-Sports]
- As an initiative for regional revitalization through the transmission of local culture and art, demand has emerged for a "distributed virtual museum" through the distribution of digitalized cultural art works
- Providing a food value chain system that manages production, distribution, and sales on the cloud to improve agricultural productivity and domestic food self-sufficiency [NTT AgriTechnology Corporation (May 2020)]

Increased sophistication of information and communication networks that support the region, strengthening of promotion system

- Established smart innovation labs and co-creation spaces in Kuramae, Sendai, and Sapporo as regional edges to build a secure large-capacity transmission platform that connects regions [REIWA project]
- ⇒Developing use cases based on actual conditions that differ from region to region, such as the impact of COVID-19
- Commencement of demonstration experiment utilizing local 5G [Local 5G Open Lab (May 2020)]
- ⇒Industry promotion and smart city development through industry-academia-government collaboration
- Established the "Regional Revitalization Promotion Department" to carry out project promotion function for regional revitalization

Contributing to the sustainable development of local communities by developing ICT solutions tailored to the actual conditions in each region

CHANGES IN BOARD OF DIRECTORS (NTT East)

Scheduled appointment date: June 19, 2020

(1) Candidates for Senior Vice President

Machiko Sakai (General Manager, Chiba Division; General Manager, Chiba Branch)

Takashi Ebihara (Nippon Telegraph and Telephone Corporation, Senior Manager of General Affairs Department)

Tatsu Ishikawa (Deputy Senior Executive Manager, New Business Development Headquarters)

Kei Ikeda (Executive Manager, Maintenance and Service Operation Department, Network Business Headquarters)

Kenichi Yamamoto (Executive Manager, General Affairs and Personnel Department; General Manager, Medical and Health Administration Center)

(2) Candidates for Audit & Supervisory Board Member

Hideo Fujimoto (NTT-ME CORPORATION, President and Representative Director)

Satoru Yamane (NTT Urban Development Corporation Audit & Supervisory Board Member)

(3) Senior Vice Presidents scheduled to resign from office

Senior Executive Vice President, Representative Director Naoki Shibutani (scheduled to take office at Nippon Telegraph and Telephone Corporation)

Senior Vice President Akira Sakakibara (scheduled to take office at NTT FACILITIES, INC.)

Senior Vice President Kouichi Takami (scheduled to take office at NTT Nexia CORPORATION)

Senior Vice President Takaya Kitaguchi (scheduled to take office at Nippon COMSYS Corporation)

(4) Audit & Supervisory Board Members scheduled to resign from office

Corporate Auditor Hisashi Mimura

Corporate Auditor Kiyoshi Kobayashi

(5) Candidates for Executive Officer and Representative Director

Candidate scheduled to take office as President

President Fukuzou Inoue

Candidates scheduled to take office as Senior Executive Vice President, Representative Director

Financial Results for the Fiscal Year Ended March 31, 2020 (21st Term)

Mitsuyoshi Kobayashi, President
Nippon Telegraph and Telephone West Corporation
("NTT West")

FY2019 Financial Results

- FY2019 operating profit was 132.2 billion yen, an increase of 13.9 billion yen year-on-year (record profit)
- FY2019 operating revenues of SI and new areas have steadily expanded in growth, reaching 259.7 billion yen (an increase of 24.8 billion yen year-on-year)

(Unit : Billions of yen)

	FY2019 Results		FY2018 Results	
		Year-on-year		Year-on-year
Operating Revenues	1,434.3	(28.0)	1,462.3	(31.7)
SI・New Areas, etc.*1	259.7	+24.8	235.0	+14.4
Operating Profit	132.2	+13.9	1,18.3	(1.0)
Profit Attributable to NTT West*2	91.8	+11.1	80.7	+0.6
Capital Investments	251.5	(15.4)	266.9	(14.1)

*1 SI is the sum of "system integration revenues" and new areas are the sum of "group company / BPO revenues, etc."

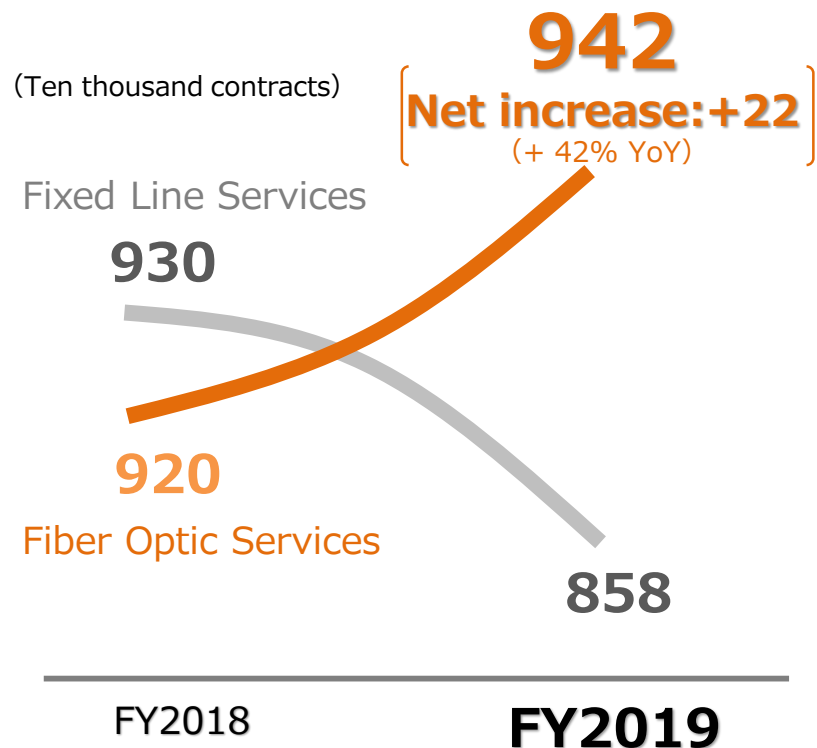

*2 Represents profit attributable to NTT West (after deducting income attributable to non-controlling interests).

■ Revenues from SI·New Areas, etc.

- FY2019 revenues from SI services were over 100 billion yen
- Revenues from New Areas, etc. for FY2019 grew to over 10% of total operating revenues

■ Fiber Optic Services Contracts

- The number of fiber optic service contracts reached 9.42 million, exceeding the number of fixed line contracts

* [] Percentage of total operating revenue

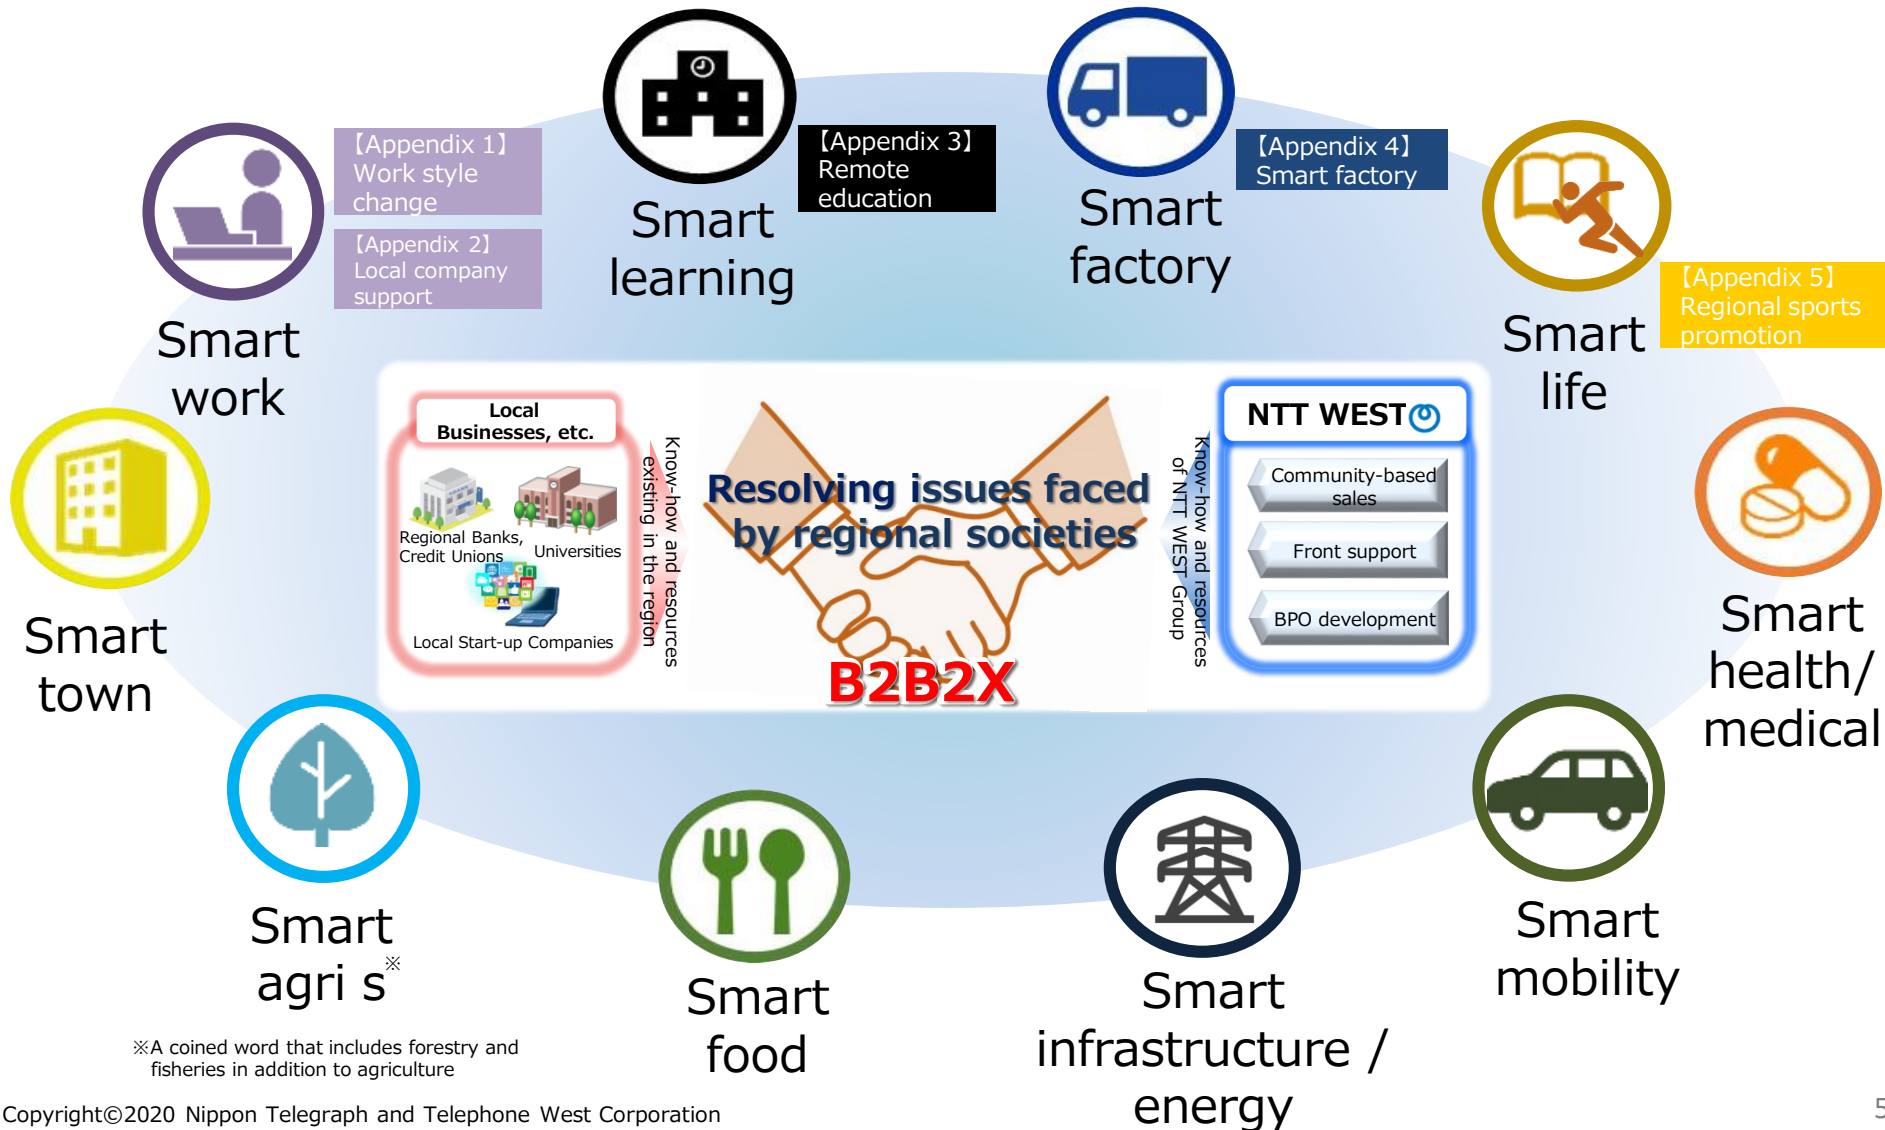

Providing Stable Communication Services

- Maintain stable network quality even while data communication traffic has increased by up to 60%* during the daytime on weekdays
*Comparison between the week of April 20, 2020 and the week of February 25, 2020
- Although there have been partial call center reductions, network operation, monitoring, and troubleshooting are continuing 24 hours a day, 365 days a year

Initiatives to Support Local Customers

- Extending payment deadlines for various service charges until the end of June 2020
- Implemented various support measures for the introduction of teleworking to meet the increasing needs of remote societies
(Established Telework Counseling Service on March 18, 2020)
- Implementation of support measures for building an environment for remote learning, etc. in collaboration with universities

- Contributing to the smartization of local communities through B2B2X-type solutions to issues with a view to the development of remote society and changes in social activities and values for after COVID-19 (Smart 10x)

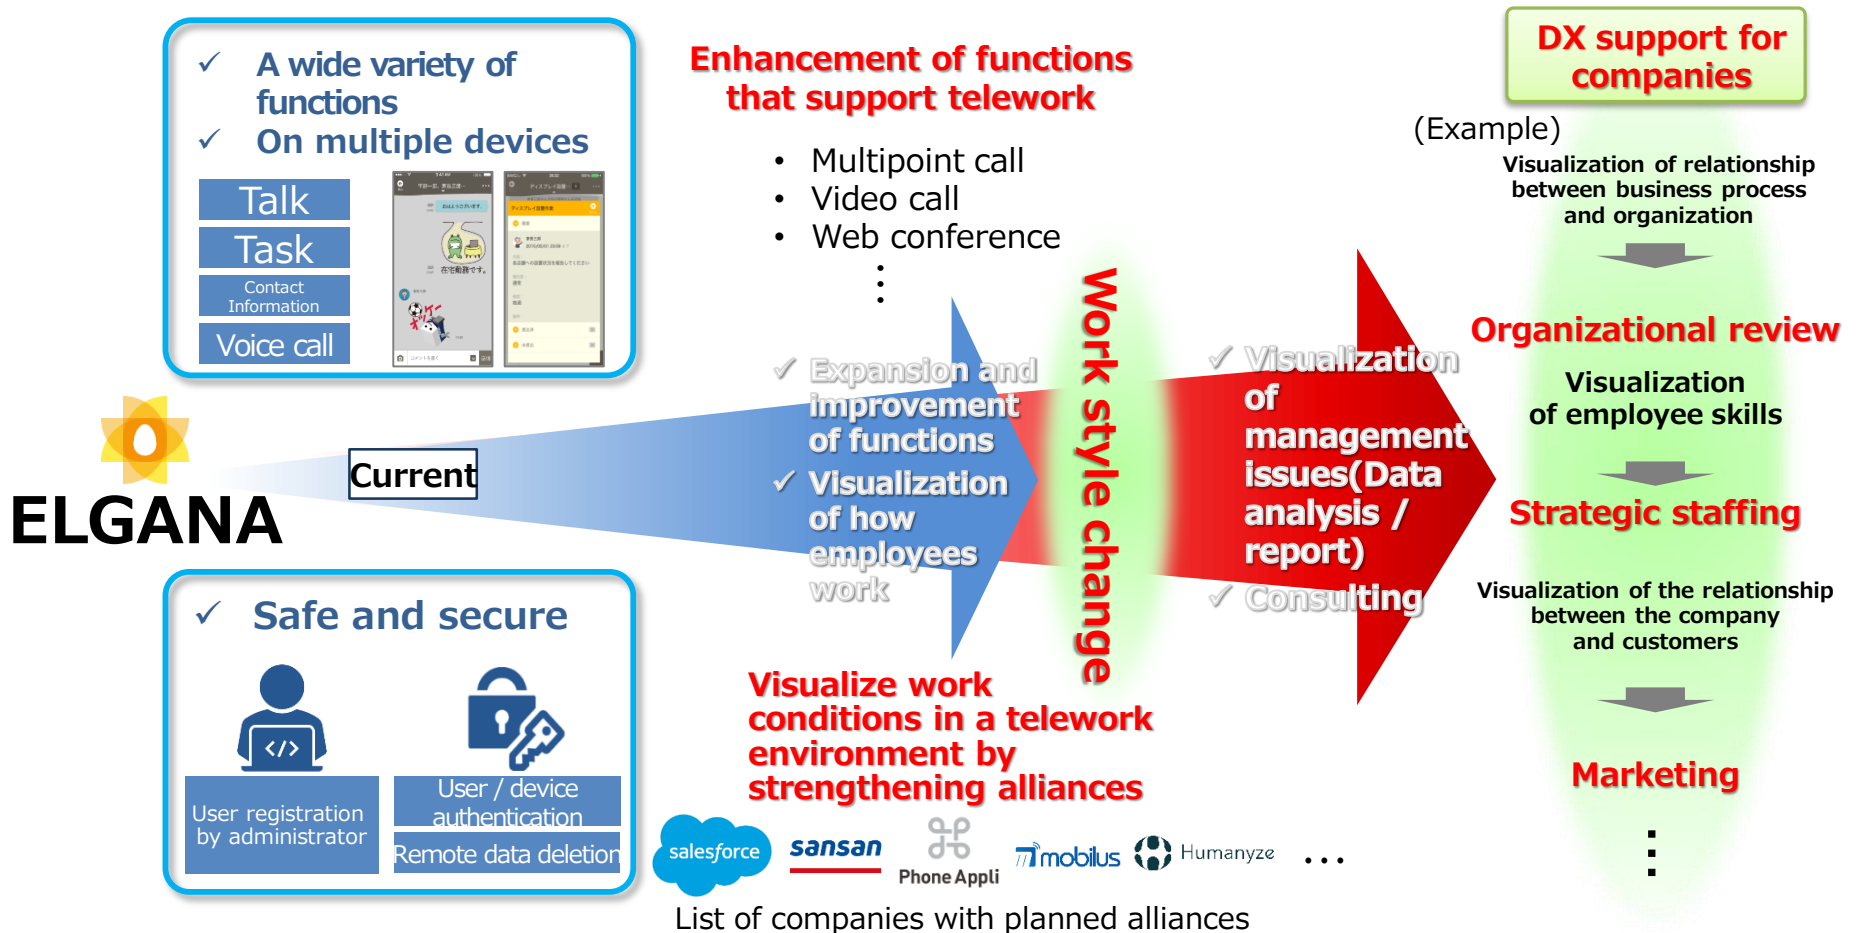

※A coined word that includes forestry and fisheries in addition to agriculture

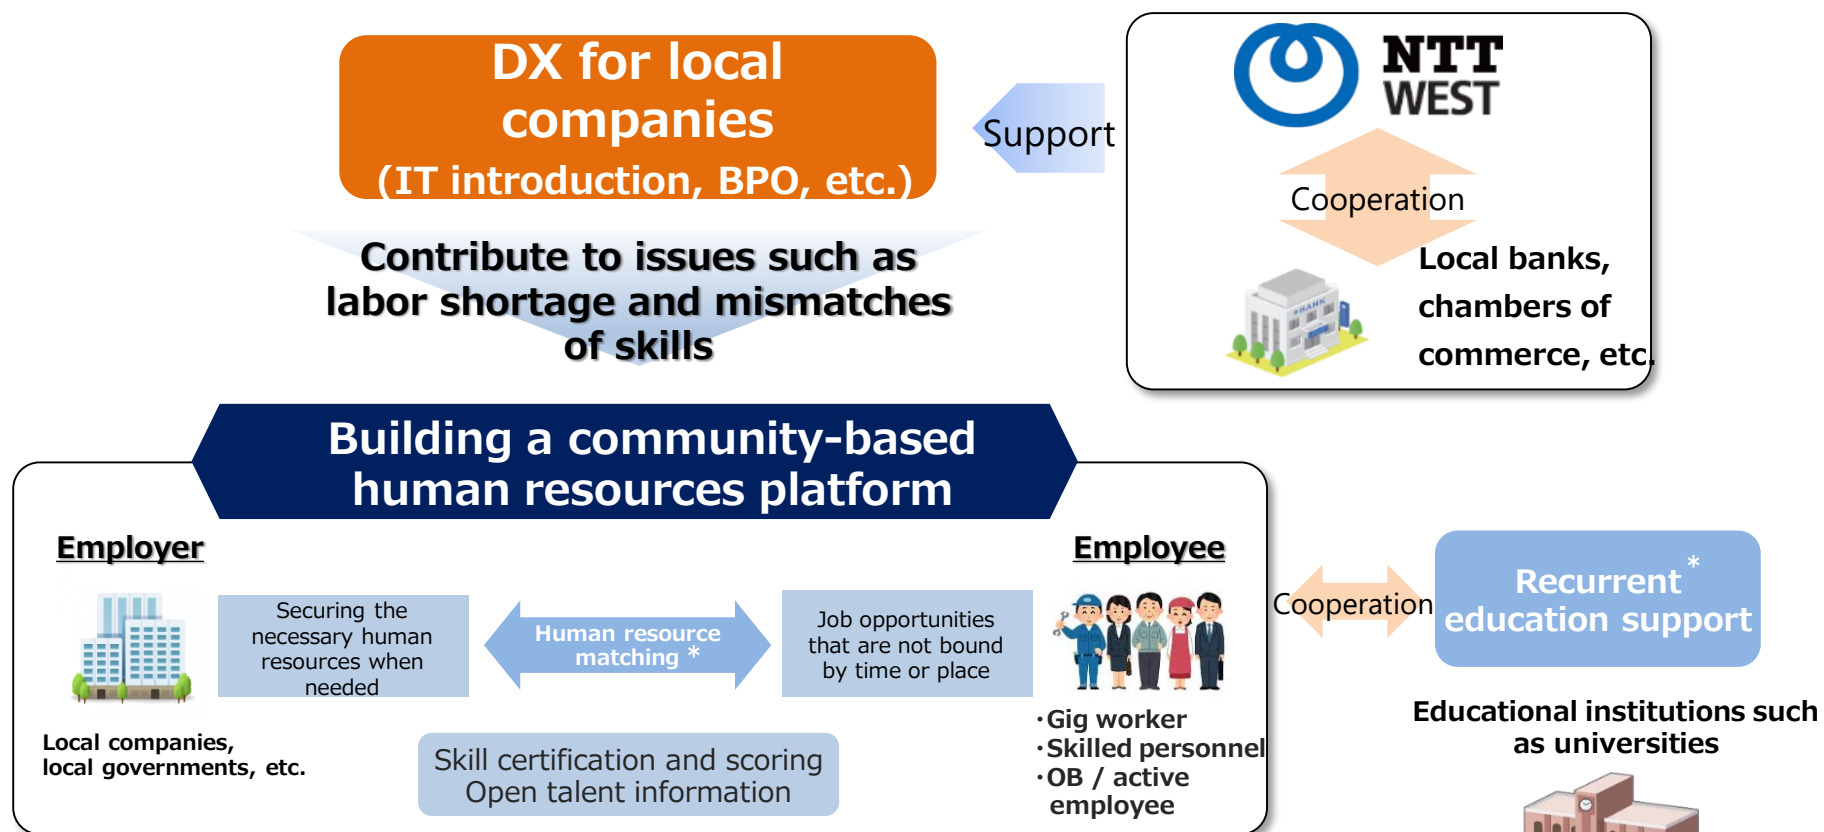

Work style change

- In order to meet the demand for telework, etc., aiming at a safe, secure, and easy-to-use communication service, we started offering "ELGANA" in April 2020.
- In the future, we plan to collaborate with a wide variety of partner companies to support regional work style reforms, as well as management reforms that utilize various digital data gathered through that.

- Building a "regional collaborative human resources platform" on a regional basis for industrial revitalization and employment support, triggered by DX support from local companies
- Supporting diverse work styles that are not tied to time and place in response to the rebalancing of employment due to changes in the industrial structure and the spread of rural distribution and remote societies

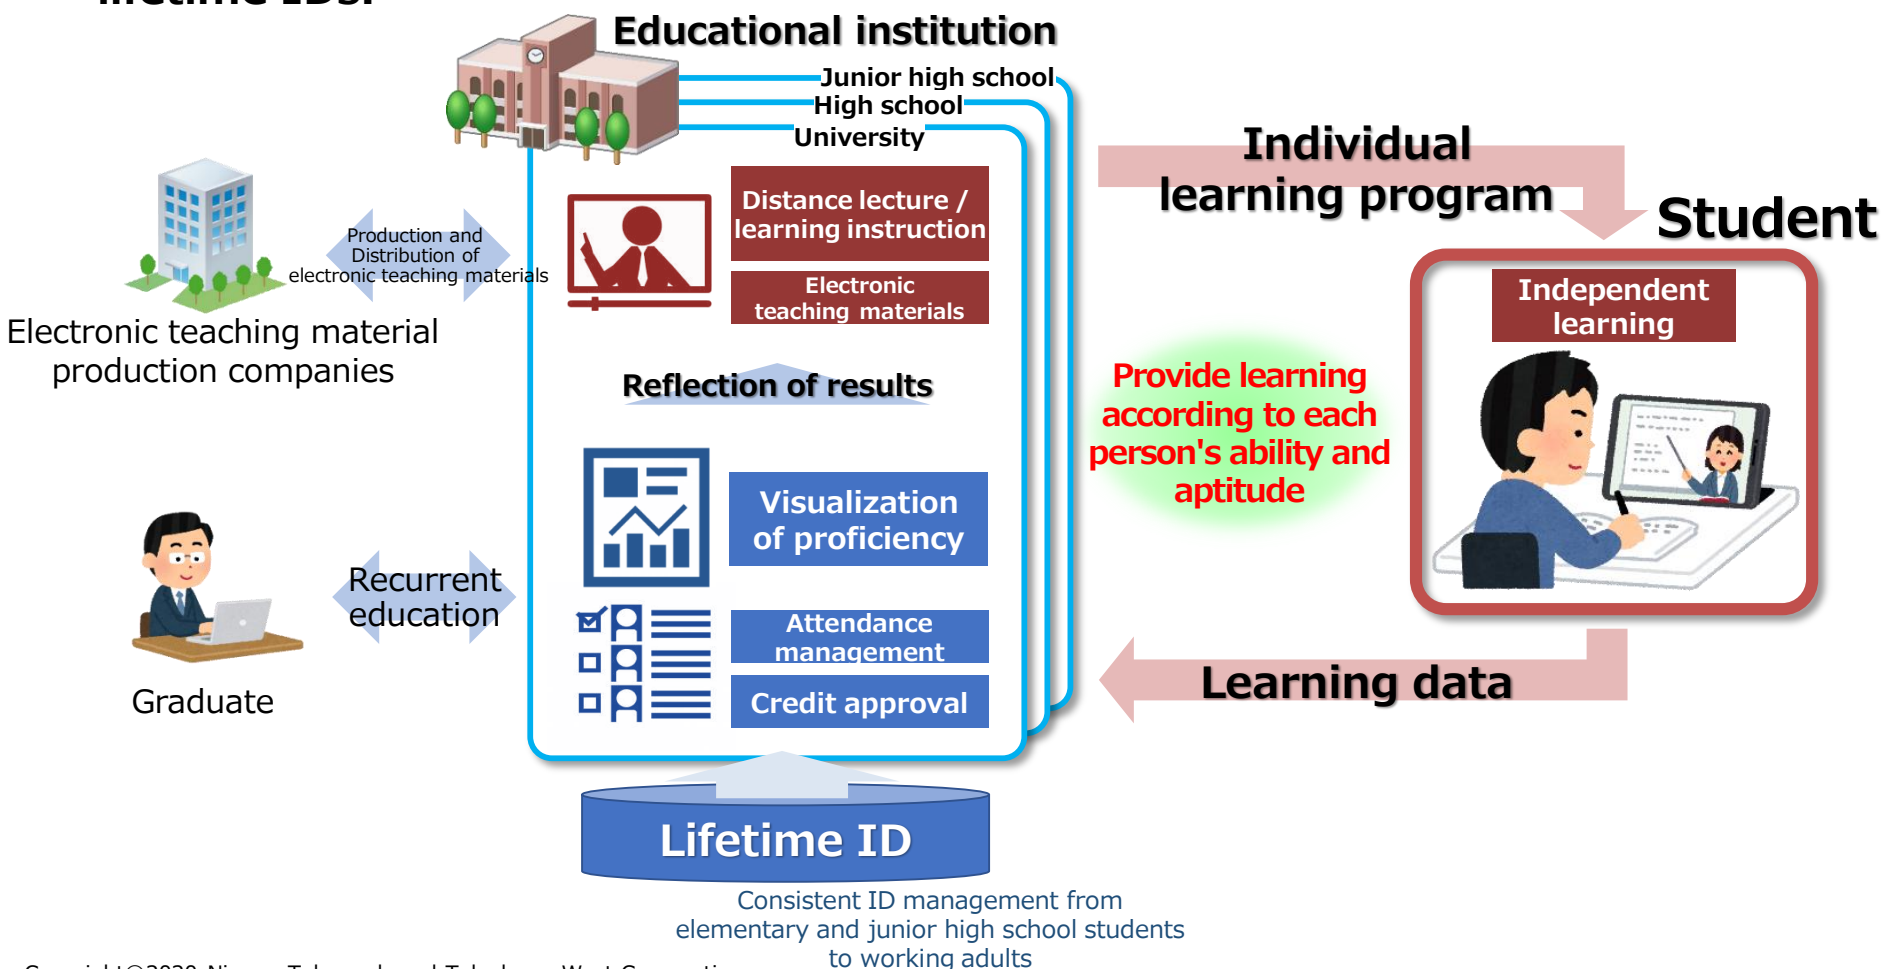

* Preparing trials at multiple locations in collaboration with local banks, universities, temporary staffing companies, etc.

- Started providing "electronic teaching materials" for universities from April 2020
- In the future, we will aim to expand the provision of "electronic teaching materials" and aim for digital transformation of education, such as distance lectures and recurrent education, by linking with on-campus systems and lifetime IDs.

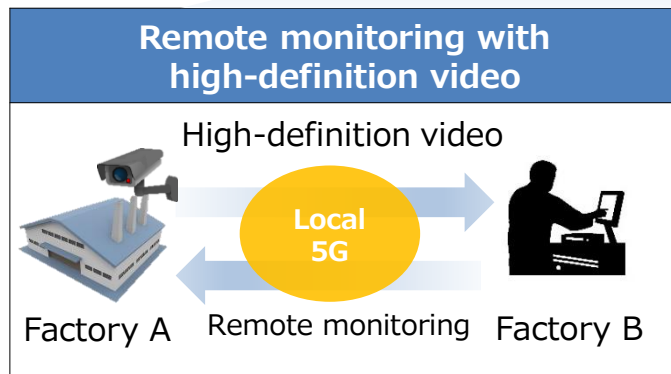

- Resolution of labor shortages and improvement of productivity by upgrading manufacturing sites through remote monitoring, etc. by utilizing local 5G (Collaboration agreement with Yamaguchi Prefecture and joint experimental agreement with Hibiki Seiki Co., Ltd., April 23, 2020)
- Going forward, we will proactively expand the use cases of smart factories such as remote control to other fields and contribute to solving social issues in a new remote society.

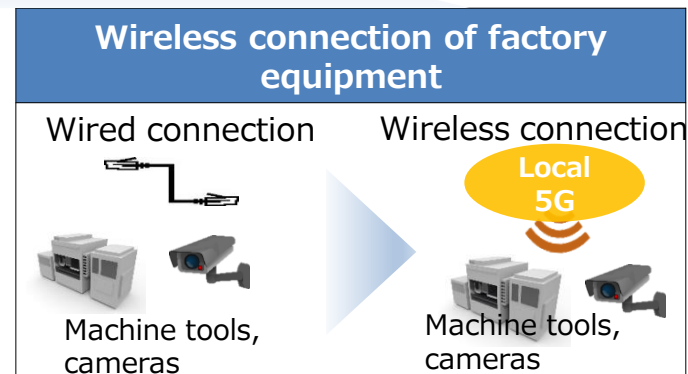

Local 5G

Between factories

Inside factories

Providing new value by utilizing the characteristics of local 5G in a new lifestyle

- Established new company "NTT Sportict" in April, which distributes sports videos using AI cameras
- Promote sports by providing new spectator styles through remote/online such as amateur sports and improving motivation of sports groups and athletes

Sports groups / Athletes

Prefecture A
handball tournament

- ✓ Promotion of amateur sports
- ✓ Improving athlete motivation

Prefecture B
Soccer Tournament

Prefecture C
Basketball tournament

Cooperation

Local
companies, etc.

Each sports
group ...

After-COVID-19 sports promotion event (in preparation)
(Free live streaming of 100 student sports games)

AI camera

Pixellot
AUTOMATIC PRODUCTION

Delivery platform

Automatic shooting /
video distribution

Sports spectators (Remote/online)

- ✓ Providing a new watching style (Supports social distancing)
- ✓ Revitalization of local communities

あしたへ – *with you, with ICT.*

NTT Com Group FY2019 Financial Results

- FY2019 financial results and forecasts are based on NTT Com Group figures after the global business integration.
- Operating revenue was 794.6 billion yen and operating profit was 96.2 billion yen, each exceeding the forecast

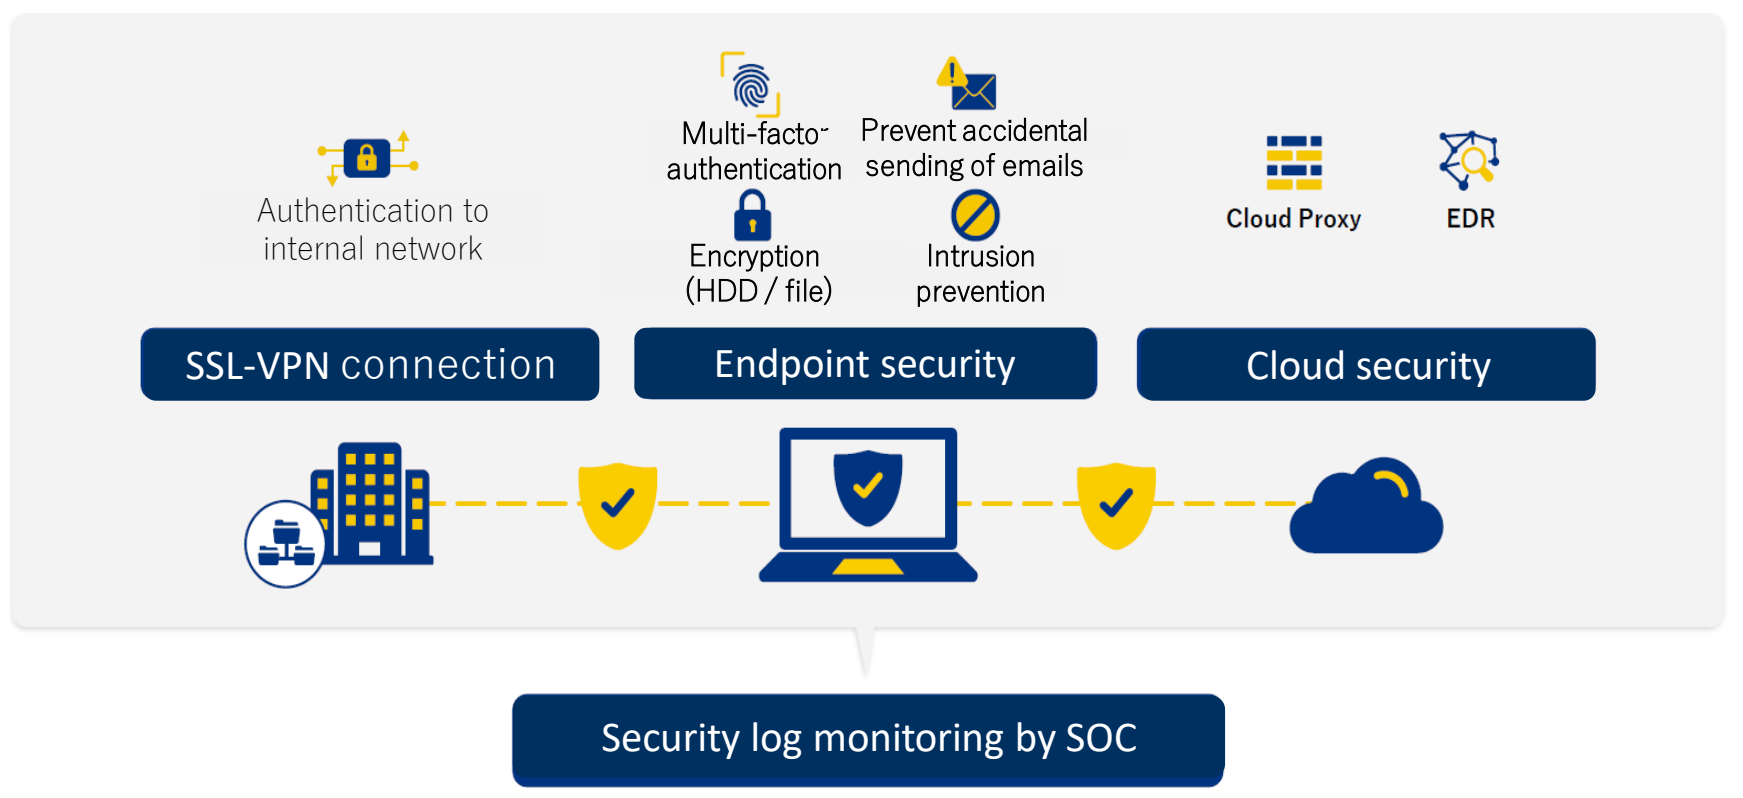

(Billions of yen)

	FY2019 Financial Results (July-March)(A)	FY2019 Forecast (July-March)(B)	Achievement rate %(A)/(B)
NTT Com Group Operating Revenues	794.6	785.0	101.2%
Cloud Computing Platforms	75.2	76.0	99.0%
Data Networks	292.9	292.0	100.3%
Voice Communications	170.4	171.0	99.6%
Applications & Content	60.3	58.0	104.0%
Solution Services	174.9	168.0	104.1%
Other	20.8	20.0	104.0%
NTT Com Group Operating Income	96.2	88.0	109.3%

Response to the spread of COVID-19

(Achieving safe and secure work styles)

To achieve safe and secure teleworking, we provide total security solutions, including secure connections to in-house systems and clouds, and secure client environments.

Response to the spread of COVID-19 (Support for education and research activities)

For elementary and junior high schools
Project for uninterrupted learning opportunities

For subscribers under 25
Added free communication data capacity up to 10GB in April and May

For universities and research institutions
“SMART” conferencing service will be provided free of charge until July

Example of Implementing Smart World (customer contact point for after COVID-19)

Implementation of customer contact that fuses people and digital to enable various work styles

Home-based contact center

AI automated response

Natural service from a remote location

Utilization of data accumulated through DX at customer contact points
Creation of a highly personalized customer experience

May 15, 2020

Changes in NTT Communications Directors (Subject to Shareholders' Approval)

1. Candidates scheduled to take office as Directors

Hiroki Kuriyama	Executive Vice President, Head of Strategic Business Development Division, NIPPON TELEGRAPH AND TELEPHONE CORPORATION
Sachiko Oonishi	Vice President, Strategic Business Development Division, NIPPON TELEGRAPH AND TELEPHONE CORPORATION
