## Supplementary Data for the Annual Results for Fiscal Year Ended March 31, 2023

---

### Contents

1. Financial Results Summary, Medium-Term Financial Targets (Consolidated)	pages 1-4
2. Financial Results Summary (Subsidiary Groups)	pages 5-8
3. Operating Data	pages 9-12
4. Reference	page 13-15

### Disclaimers

This document is a translation of the Japanese original. The Japanese original is authoritative. The forward-looking statements and projected figures concerning the future performance of NTT and its subsidiaries and affiliates contained or referred to herein are based on a series of assumptions, projections, estimates, judgments and beliefs of the management of NTT in light of information currently available to it regarding NTT and its subsidiaries and affiliates, the economy and telecommunications industry in Japan and overseas, and other factors. These projections and estimates may be affected by the future business operations of NTT and its subsidiaries and affiliates, the state of the economy in Japan and abroad, possible fluctuations in the securities markets, the pricing of services, the effects of competition, the performance of new products, services and new businesses, changes to laws and regulations affecting the telecommunications industry in Japan and elsewhere, other changes in circumstances that could cause actual results to differ materially from the forecasts contained or referred to herein, as well as other risks included in NTT's most recent Annual Securities Report and in any other materials publicly disclosed by NTT on its website.

\* "E" in this material represents that the figure is a plan or projection for operation.

\*\* "FY" in this material indicates the fiscal year ending March 31 of the succeeding year.

(1) NTT has implemented a revision of its business segments beginning with the fourth quarter of FY2021 (please refer to "Revision of Segments (page 13)" for a summary of the segment revision). In connection with this revision, results for periods from the third quarter of FY2021 and earlier that are presented above have been restated and are presented on the basis of the new segments.

(2) In connection with the global business integration implemented in October 2022, some revenue items have been rearranged, and the results up to the second quarter of FY2022 are also rearranged and presented.

(3) Depreciation and amortization expense in EBITDA excludes all depreciation expense related to right-of-use assets.

(4) Interest-bearing liabilities presented above include non-recourse debt. Interest-bearing liabilities excluding non-recourse debt were 7,189.4 billion yen as of March 31, 2022, and 8,051.2 billion yen as of March 31, 2023.

(5) The effect (the effect of the payment deadline for accounts receivable being postponed from the end of the month to the beginning of the following month) is excluded in the case of the settlement date falls on a non-business day.

1. Financial Results Summary (Medium-Term Financial Targets)

Medium-Term Financial Targets (IFRS) (Announced in November 2018, as amended in October 2021)

(1) Figures for each segment include inter-segment transactions.

(2) NTT has implemented a revision of its business segments beginning with the fourth quarter of FY2021 (please refer to "Revision of Segments (page 13)" for a summary of the segment revision). In connection with this revision, results for periods from the third quarter of FY2021 and earlier that are presented above have been restated and are presented on the basis of the new segments.

(3) In connection with the global business integration implemented in October 2022, some revenue items have been rearranged, and the results up to the second quarter of FY2022 are also restated and presented.

2. Financial Results Summary (NTT DOCOMO Group(including NTT Communications Group and NTT Comware Group))

(1) The scope of aggregation for each of the figures presented for NTT Docomo Group is internal management figures after eliminating internal transactions between NTT Docomo and its subsidiaries. Such figures are not audited and are provided for reference only.

(2) Adjusted free cash flow is calculated excluding the effects of changes in investment derived from purchases, redemption at maturity and disposals of financial instruments held for cash management purposes with original maturities of longer than three months.

(3) In connection with the recalculation of past figures, results for periods the second quarter and the third quarter of FY2021 that are presented above have been revised.

(4) Depreciation charges for right-of-use assets have been excluded from EBITDA and its depreciation and amortization components.

(5) ROIC for Consumer communications is shown.

(6) Figures reflect the reorganization, including (the) intergroup business transfer implemented in July 2022.

(7) Beginning with the second quarter of FY2022, solution services has been reviewed to integrated solutions. Integrated solutions include solution services (including 5G/IoT, etc.), cloud infrastructure, application services, etc.

Segment	Principal Services, etc., Included in Each Reportable Segment
Enterprise	For enterprise customers: Mobile communications services, Fixed-line communications services, Device sales, System integration service, etc.
Smart life	Finance/payment services, Marketing solutions, Content/Lifestyle services, Support services for customers' peace of mind
Consumer communications	For consumer customers: Mobile communications services, Fixed-line communications services, Device sales, etc.

(1) NTT has implemented a revision of its business segments beginning with the fourth quarter of FY2021 (please refer to "Revision of Segments (page 13)" for a summary of the segment revision). In connection with this revision, results for periods from the third quarter of FY2021 and earlier that are presented above have been restated and are presented on the basis of the new segments. Results for NTT, Inc. (Global Holding Company) Group, which were previously presented on this page, are identical to the results for the global solutions business segment as a result of the revision of NTT's business segments that NTT has implemented beginning with the presentation of FY2021 results. Accordingly, such results will no longer be presented on this page. Please refer to page 4 for details.

(2) As a result of the global business integration implemented in October 2022, results from the third quarter of FY2022 onward and full-year results forecast for FY2023 include the NTT Ltd. Group from the third quarter of FY2022 onward.

(3) Represents figures for NTT DATA Consolidated on its current basis, excluding the impact of the global business integration implemented in October 2022.

(4) The scope of aggregation for each of the figures presented for NTT Ltd. Group is internal management figures after eliminating internal transactions between NTT Ltd. and its subsidiaries. Such figures are not audited and are provided for reference only.

(5) The forecast for fiscal 2023 for sales to external customers is 505.0 billion yen for High services and 650.0 billion yen for Other services(IT product sales, etc.).

(6) EBITA calculation is as described below.

EBITA= operating income + amortization of intangible assets subject to purchase price allocation (PPA) arising from acquisition and others

NTT West	(in thousands)	8,671	8,692	8,703	8,707	8,707	8,706	8,708	8,709	8,694	8,694	8,724

(1) Mobile telecommunications services and New subscriptions include mobile line subscriptions of MVNOs and Communication Module subscriptions.

(2) "Churn rate" is calculated excluding the subscriptions and cancellations of subscriptions of MVNOs, but it is calculated including the number of "OCN mobile" subscriptions from the fourth quarter of 2021.

(3) Churn rate of billing plans that offer voice communication service (excluding 2in1 service).

(4) Sp-mode includes "ahamo" from the first quarter of 2021, and "OCN mobile" from the fourth quarter of 2021.

(5) Mobile telecommunications services and New subscriptions include mobile line subscriptions of MVNOs and Communication Module subscriptions.

(6) The number of Telephone Subscriber Lines is the total of individual lines and central station lines (including the Subscriber Telephone Lite Plan).

(7) "INS-Net" includes "INS-Net 64" and "INS-Net 1500." In terms of the number of channels, transmission rate, and line use rate (base rate), "INS-Net 1500" is in all cases approximately ten times greater than "INS-Net 64." For this reason, one "INS-Net 1500" subscription is calculated as ten "INS-Net 64" subscriptions (including subscriptions to the "INS-Net 64 Lite Plan").

(8) The number of "FLET'S Hikari (including Hikari Collaboration Model)" subscriptions includes subscriptions to "FLET'S Hikari Cross," "FLET'S Hikari Next," "FLET'S Hikari Light," "FLET'S Hikari Lightplus" "FLET'S Hikari WiFi Access" and "Hikari Denwa Next (Hikari IP Phone)" provided by NTT East, subscriptions to "FLET'S Hikari Cross," "FLET'S Hikari Next," "FLET'S Hikari Mytown Next," "FLET'S Hikari Light" "FLET'S Hikari WiFi Access" and "Hikari Denwa Next (IP Phone Services)" provided by NTT West and subscriptions to the "Hikari Collaboration Model," the wholesale provision of services to service providers by NTT East and NTT West.

(9) The comparative results for the fiscal year ended March 31, 2023 compared to the fiscal year ended March 31, 2022 for "FLET'S Hikari (including Hikari Collaboration Model)" are as follows: the numbers of new subscribers for NTT East and NTT West were 1,273 thousand lines and 1,000 thousand lines, respectively, for a total of 2,272 thousand lines; the numbers of new subscribers (excluding switchover lines) for the "Hikari Collaboration Model" for NTT East and NTT West were 993 thousand lines and 732 thousand lines, respectively, for a total of 1,725 thousand lines; and the numbers of switchover lines for NTT East and NTT West were 161 thousand lines and 152 thousand lines, respectively, for a total of 313 thousand lines.

(10) The comparative forecast for the year ending March 31, 2024 (Forecast) compared to the results for the year ended March 31, 2022 for "FLET'S Hikari (including Hikari Collaboration Model)" are as follows: the numbers of new subscribers for NTT East and NTT West are expected to be 1,350 thousand lines and 990 thousand lines, respectively, for a total of 2,340 thousand lines; the numbers of new subscribers (excluding switchover lines) for the "Hikari Collaboration Model" for NTT East and NTT West are expected to be 1,040 thousand lines and 730 thousand lines, respectively, for a total of 1,770 thousand lines; and the numbers of switchover lines for NTT East and NTT West are expected to be 120 thousand lines and 150 thousand lines, respectively, for a total of 270 thousand lines.

(11) The number of subscriptions for "Hikari Denwa" include wholesale services provided to service providers by NTT East and NTT West.

Locations where payment / point services are available <sup>(7)</sup>	(in millions)	3.52	3.71	3.87	4.10	4.10	4.24	4.38	4.48	4.87	4.87	-

(1) "NTT Group Major ISPs" includes "WAKWAK" and "InfoSphere," in addition to "OCN" and "Plala."

(2) The number of subscriptions for "FLET'S TV Transmission Services" include wholesale services provided to service providers by NTT East and NTT West.

(3) The number of users who can earn and use "d POINTS" at participating stores by registering their personal information.

(4) The amount of transactions includes the transactions handled with "d CARD," "ID," "d Payment," direct carrier billing and "DOCOMO Mobile Payment Service," etc.

(5) The amount of transactions processed with "d Payment" represents the cumulative amount of payments made with "d Payment" (code and online payment), "d Payment (ID)" and "DOCOMO Mobile Payment". In association with the service integration of "DOCOMO Mobile Payment" into "d Payment" on June 1, 2022, the amount of transactions processed with "d Payment" include DOCOMO Payment transactions with the first quarter of FY2022. In connection with this service integration, figures for FY 2021 also include DOCOMO Payment transactions.

(6) The number of "d Payment" users represents the sum of total number of "d Payment" app downloads and "d Payment (ID)" members.

(7) Locations where payment / point services are available represent the combined number of locations where "d POINT," "ID" and "d Payment"(code and online payment) services can be used.

### 3. Operating Data (ARPU)

#### Average Monthly Revenue per Unit (ARPU)

Average monthly revenue per unit, or ARPU, is used to measure average monthly operating revenues attributable to each designated service on a per user basis. In the case of NTT Group's integrated ICT business, ARPU is calculated by dividing revenue items included in operating revenues from its integrated ICT business segment, such as revenues from 5G mobile phone services, LTE (4G) mobile phone services, FOMA (3G) mobile phone services and "docomo Hikari" services, that are incurred consistently each month, by the number of active users to the relevant services. In the case of NTT Group's regional communications business, ARPU is calculated by dividing revenue items included in the operating revenues of NTT Group's regional communications business segment, that is, fixed-line (telephone subscriber lines and INS-NET) and FLET'S Hikari, by the number of active subscribers to the relevant services. The calculation of these figures excludes revenues that are not representative of monthly average usage, such as telecommunications equipment sales, activation fees and universal service charges. NTT believes that its ARPU figures calculated in this way provide useful information regarding the monthly average usage of its subscribers. The revenue items included in the numerators of NTT Group's ARPU figures are based on its financial results comprising its IFRS results of operations.

FLET'S Hikari ARPU <sup>(10)</sup>	4,690	4,620	4,580	4,580	4,620	4,560	4,580	4,550	4,520	4,550	4,520
Basic Monthly Charge	3,260	3,200	3,190	3,200	3,220	3,200	3,190	3,190	3,190	3,190	3,180
Optional Services	1,430	1,420	1,390	1,380	1,400	1,360	1,390	1,360	1,330	1,360	1,340

(1) Beginning with the fiscal year ended March 31, 2022, Mobile ARPU is calculated to include OCN mobile-related revenues and subscription numbers.

(2) The following is the formula we use to compute ARPU for NTT DOCOMO.

Aggregate ARPU = Mobile ARPU + "Hikari" ARPU

- Mobile ARPU: Mobile ARPU-related revenues(basic monthly charges, voice communication charges, packet communication charges) / No. of active users
- "Hikari" ARPU: "docomo Hikari" -related revenues (basic monthly charges, voice communication charges) / No. of active users

(3) Numbers of active users used in the ARPU calculation of NTT DOCOMO are as described below.

- Sum of No. of active users for each month {(No. of users at the end of previous month + No. of users at the end of current month) / 2} during the relevant period

(4) The number of "users" used to calculate ARPU is the total number of subscriptions, excluding the subscriptions listed below:

- Subscriptions of communication module services, "Phone Number Storage," "Mail Address Storage," "docomo Business Transceiver" and wholesale telecommunications services and interconnecting telecommunications facilities that are provided to MVNOS, and Data Plan subscriptions in the case where the customer contracting for such subscription in his/her name also has a subscription for "5G," "4G" or "FOMA" services in his/her name.

Note that revenues from communication module services, "Phone Number Storage," "Mail Address Storage," "docomo Business Transceiver" and wholesale telecommunications services and interconnecting telecommunications facilities that are provided to MVNOS and the impact on revenues from "dPOINT" program, etc. are not included in ARPU calculations.

(5) We compute the following two categories of ARPU for business conducted by each of NTT East and NTT West.

- Aggregate Fixed Line ARPU (Telephone Subscriber Lines + INS-NET Subscriber Lines): Calculated based on revenues from monthly charges and call charges for Telephone Subscriber Lines and INS-NET Subscriber Lines, which are included in operating revenues from Voice Transmission Services (excluding IP Services), and revenues from "FLET'S ADSL" and "FLET'S ISDN," which are included in operating revenues from IP Services.
- FLET'S Hikari ARPU: Calculated based on revenues from "FLET'S Hikari" (including "FLET'S Hikari" optional services), which are included in operating revenues from IP Services, revenues from monthly charges, call charges and connection device charges for "Hikari Denwa," and revenues from "FLET'S Hikari" optional services, which are included in Supplementary Business revenues.
  - "FLET'S Hikari" includes "FLET'S Hikari Cross," "FLET'S Hikari Next," "FLET'S Hikari Light," "FLET'S Hikari Lightplus" "FLET'S Hikari WiFi Access" and "FLET'S Hikari Denwa Next (Hikari IP Denwa)" provided by NTT East, and "FLET'S Hikari Cross," "FLET'S Hikari Next," "FLET'S Hikari Mytown Next," "FLET'S Hikari Light" and "FLET'S Hikari Denwa Next (IP Denwa Services)" provided by NTT West. In addition, "FLET'S Hikari" also includes the "Hikari Collaboration Model," the wholesale provision of services to service providers by NTT East and NTT West.
  - "FLET'S Hikari" Optional Services includes wholesale services provided to service providers by NTT East and NTT West.

(6) Aggregate Fixed Line ARPU (Telephone Subscriber Lines + INS-NET Subscriber Lines) and FLET'S Hikari ARPU do not include interconnection charges.

(7) Numbers of active subscribers used in the ARPU calculation of NTT East and NTT West are as below.

- Results: Sum of number of active subscribers ((number of subscribers at end of previous month + number of subscribers at end of the current month)/2) for each month in the relevant period
- FY Forecast: Sum of the average expected active number of subscribers during the fiscal year ((number of subscribers at March 31, 2022 + number of expected subscribers at March 31, 2023)/2)x12

(8) For purposes of calculating Aggregate Fixed Line ARPU (Telephone Subscriber Lines + INS-NET Subscriber Lines), the number of subscribers is determined based on the number of subscriptions for fixed-line services (Telephone Subscriber Lines + INS-NET Subscriber Lines).

(9) In terms of number of channels, transmission rate, and line use rate (base rate), INS-Net 1500 is in all cases roughly ten times greater than INS-Net 64. For this reason, for the purpose of calculating Aggregate Fixed Line ARPU (Telephone Subscriber Lines + INS-NET Subscriber Lines), one INS-Net 1500 subscription is calculated as ten INS-Net 64 subscriptions.

(10) For purposes of calculating FLET'S Hikari ARPU, the number of subscribers is determined based on the number of FLET'S Hikari subscribers, which includes subscribers to "FLET'S Hikari Cross," "FLET'S Hikari Next," "FLET'S Hikari Light," "FLET'S Hikari Lightplus" and "FLET'S Hikari WiFi Access" provided by NTT East, subscribers to "FLET'S Hikari Cross," "FLET'S Hikari Next," "FLET'S Hikari Mytown Next," and "FLET'S Hikari Light" provided by NTT West, and the "Hikari Collaboration Model," the wholesale provision of services to service providers by NTT East and NTT West.

### 3. Operating Data (Number of Employees)

Number of Employees	FY 2021				FY 2022				(Persons)

(1) NTT has implemented a revision of its business segments beginning with the fourth quarter of FY2021 (please refer to "Revision of Segments (page 13)" for a summary of the segment revision). In connection with this revision, results for periods from the third quarter of FY2021 and earlier that are presented above have been restated and are presented on the basis of the new segments.

(2) As a result of the global business integration implemented in October 2022, results from the third quarter of FY2022 onward and full-year results forecast for FY2023 include the NTT Ltd. Group from the third quarter of FY2022 onward.

(3) Represents figures for NTT DATA Consolidated on its current basis, excluding the impact of the global business integration implemented in October 2022.

(4) Represents figures for NTT Ltd. Group on its current basis, excluding the impact of the global business integration implemented in October 2022.

(Ref.) Revision of Segments

For the strategic group-wide utilization of resources and assets and for speeding up decision-making, the Company has overhauled the corporate structure which has involved making NTT DOCOMO a wholly owned subsidiary in December 2020 and furthermore making NTT Communications and NTT Comware subsidiaries of NTT DOCOMO in January 2022. Accordingly, effective from the fourth quarter of FY2021, the Group has transitioned to a four-segment structure consisting of the Integrated ICT Business, Regional Communications Business, Global Solutions Business, and Others (Real Estate, Energy and Others), from its previous five-segment structure consisting of the Mobile Communications Business, Regional Communications Business, Long Distance and International Communications Business, Data Communications Business, and Other Business. In connection with this revision, results from the third quarter of FY2021 and earlier have been restated and are presented on the basis of the new segments.

(1) Results for the former NTT DOCOMO Group, prior to NTT Communications and NTT Comware becoming subsidiaries (completed on January 1, 2022), are presented above as figures for reference.

(2) The scope of aggregation for each of the figures presented for the former NTT DOCOMO Group and for the former NTT Communications Group consists of internal management figures after eliminating internal transactions between the former NTT DOCOMO, former NTT Communications and their respective subsidiaries. Such figures are not audited and are provided for reference.

(3) The following are the main services included in each line item:

Cloud computing platforms: "Data center services" and "Private cloud services (Enterprise cloud, etc.)" / Data networks: "Closed network services (Arcstar Universal One, etc.)" and "Open network services (OCN, etc.)" / Voice communications: "Telephone services" and "VoIP services (050 plus, etc.)" / Applications & content: "Application services (Mail services, etc.)" / Solution services: "System integration services"

(4) Adjusted free cash flow is calculated excluding the effects of changes in investment derived from purchases, redemption at maturity and disposals of financial instruments held for cash management purposes with original maturities of longer than three months.

(5) Beginning with the fiscal year ending March 31, 2021, depreciation charges for right-of-use assets have been excluded from EBITDA and its depreciation and amortization components.

Segment	Principal Services, etc., Included in Each Reportable Segment
Telecommunications business	Mobile communications services: 5G services, LTE(X) services, FOMA services (3G), International services, Sales of handset/equipment for each service, etc. Optical-fiber broadband service and other telecommunications services: Optical-fiber broadband service, Satellite communications service, etc.
Smart life business	Content/Lifestyle services: "dTV," "d hits," "d magazine," "d shopping," "d healthcare," "NTT Plala Inc.," "Oak Lawn Marketing, Inc.," "Tower Records Japan Inc.," etc. Finance/Payment services: "d CARD," "d CARD GOLD," "d ID," "d Payment," "Fintech," etc.
Other businesses	Support services for customers' peace of mind: "Mobile Device Protection Service," "Anshin Remote Support," etc. Enterprise solutions: Enterprise IoT solutions, System development/sales/maintenance services, etc.

(1) NTT has implemented a revision of its business segments beginning with the fourth quarter of FY2021 (please refer to "Revision of Segments (page 13)" for a summary of the segment revision). In connection with this revision, results for periods from the third quarter of FY2021 and earlier that are presented above have been restated and are presented on the basis of the new segments. Results for NTT, Inc. (Global Holding Company) Group, which were previously presented on this page, are identical to the results for the global solutions business segment as a result of the revision of NTT's business segments that NTT has implemented beginning with the presentation of FY2021 results. Accordingly, such results will no longer be presented on this page. Please refer to page 4 for details.

(2) Represents figures for NTT DATA Consolidated on its current basis, excluding the impact of the global business integration implemented in October 2022.
