## **Establishment of Investment Management Company and Investment Limited Partnership (Fund)**

Nippon Telegraph and Telephone Corporation ("NTT") will establish a new company, "NTT Investment Partners. INC,", and an investment limited partnership (fund), "NTT Investment Partners Fund, L.P.", for the purpose of investing in prospective domestic and foreign venture companies which possess a variety of technologies and know-how in the information and communications related fields.

### **1. Purpose of Establishment**

NTT will invest in both domestic and foreign venture companies, which have leading-edge, innovative services and technologies as well as new business models. NTT will support these investment targets by providing them with the business know-how NTT group possesses in information and communications related fields. NTT will also support them by making use of its technological strength. By doing so, NTT will promote the business expansion of both the NTT group and the investment targets, in effect promoting also the creation of new businesses in information and communications related fields.
